

August 4, 2020

The League of Women Voters of Dane County strongly supports Item # 112 on the Council agenda this evening. We followed the work of the Ad Hoc Committee on Police Policy and Procedures throughout the four years of their work. The League believes that the Alder Workgroup, with the able assistance of city staff, has appropriately incorporated the intent of the Ad Hoc Committee into the proposed ordinances establishing the Office of the Independent Police Monitor and the Police Civilian Oversight Board.
