

Are You Ready to Vote?

To check your registration, request an absentee ballot, find your polling place, register online, or see what is on your ballot go to MyVote.wi.gov. You will need an acceptable photo ID when voting. Examples of acceptable IDs are at bringit.wi.gov. Out-of-state driver licenses do not work.

If you moved or are new to Wisconsin you will need to register to vote. You must reside at your current residence for 28 days prior to the election in order to vote from that address.

How to register to vote:

- Online at MyVote.wi.gov, if you have a WI driver license or DMV ID. If you need to update the address on your DL or DMV ID go to tinyurl.com/DMVchanges.
- Complete a paper registration form or complete a form online at MyVote.wi.gov and print it out. Mail or deliver it to your clerk.
- Mailed and online registrations are allowed up to 20 days prior to an election (mailed forms must include a copy of proof of residence/address (POR)).
- Registration is available at your clerk's office or at an in-person absentee polling place through the Friday before the election. Also at the polls on Election Day. Proof of residence is required. Examples of POR are WI DL or DMV ID, bank statement, utility bill, pay stub, government document, or lease (in-person only).

Voting Options:

- At your polling place on election day.
- At your clerk's office or an in-person absentee (early) voting location.
- With a mailed absentee ballot from your clerk.
- You can request an absentee ballot at MyVote.wi.gov or by contacting your municipal clerk. People who are indefinitely confined due to age, illness, or disability do not need to provide a photo ID with their application.
